Mark - thanks for the courtesy copy. This week doesn't work for me for a meeting and next week the only days I'm available (for a meeting) are Tue 3/30 after 1:30 and Friday 4/2. I'll need to check with Larry Brill's schedule as well. I could do a conference call just about any day depending on the time.

Subject: draft New Bedford CAD letter

Ira - Here's the draft letter we discussed regarding the use of CAD cells for PCB material in New Bedford Harbor. It is not for release, but just to give you a sense of our thinking right now.

Dave - I'd like to set up a meeting with you and whoever else at EPA you think should be involved to discuss this. We don't intend to finalize this letter until we can have a detailed discussion with you first. What dates/times are good for you?

Thanks,

Mark
